**Ref: Chapter 11 Case No. 09-50026(REG)**

**Gentlemen:**

**This is to advise that as a Salried Retiree of The General Motors Corp I object to the Motion of General Motors Corp., dated June 1, 2009.**

**The "Motion" includes that The Acquisition Holdings LLC ("Purchaser") assumes responsibility for the "UAW Retiree Settlement Agreement". I strongly object to the fact that the "Purchaser" has not pursued, and assumed responsibility for a "Salried Retiree Agreement." . This Motion as it stands is showing favortism towards hourly retirees over salried retirees and is considered by the undersigned to be UNFAIR. Currently, I receive a modest Pension from GM and it appears that the pensions of the hourly retirees are being protected but the pensions of the salried retirees are not.**

**Please Advise.**

**Sincerely Yours,**

  
**Junius L. Johnson**
